

April 9, 2019

Madam President and Esteemed Board Members,

I would like to submit my name for consideration of the recently vacated Board seat.

I am aware of the challenges and problems facing the District and would like an opportunity to help the Board in their efforts to find solutions for problems and implement changes for growth.

My previous experience while I was on the Board has given me insight into what is needed to be a successful, active Board member. I feel I have much to contribute and that my skills, knowledge, and ideas would be an asset to the Board. My personal and professional association and communication with parents, teachers, and classified staff members give me a link to the school community that is invaluable in being a well-rounded Board member. Not only can they share opinions, problem areas, and suggestions, they are a way to keep me in touch of what is really happening and how Board changes affect them. I have listed some highlights that I was part of.

- Voted in favor for a new curriculum to the district.
- Strategic district plan.
- Sat on the committee to bring an audit firm to review the district's accounting methods.

I would appreciate the Board giving me an opportunity to interview.

Thank you,
Joe Dreiling

Letter of Interest

To Adams 14 District Board of Education:

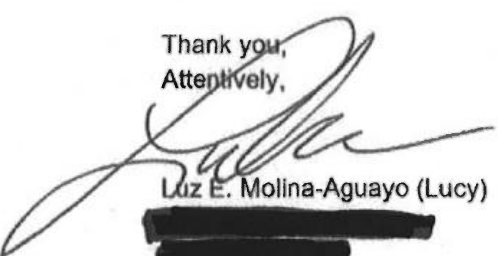

Much blessings to all my elected officials of Adams 14, I would like to start by first thanking everyone for your service and dedication to our humble district and community. I write this letter with the utmost respect and admiration to all for the challenging, yet rewarding position that you have accepted in building a bright future for our children.

In my most recent involvement & participation with Adams 14 EMO selection process, as well as the understanding of the challenges & importance of Education in underserved communities, I have been inspired to serve my community and voice my interest as a candidate for the current vacancy on the Adams 14 BOE. I am a current registered voter in Adams 14 district and reside within this district @ [REDACTED] Commerce City CO 80022. I am a single parent, and currently have two students that attend Adams 14 District since elementary, at Kemp, and now at Kearney & Adams City Middle School, looking forward to High School next year.

I understand the importance of education since childhood, I graduated with honors & scholarships, Skyview H.S., Outstanding student of the year award, the JC Penny award of Excellence, was a member of SAAC (Student Accountability & Advisory Committee), and most of all I loved my teachers that never gave up on me even now. However, in this age of technology & innovation, our kids face different & unique challenges, we must step up to the FUTURE, to this competitive world, that lacks empathy and most of all LOVE.

We never stop learning, even as a parents, I am thankful & make use of all the resources, the continuing education Adams 14 has provided for me as a parent. I thank our current and former board members as well, for encouraging me to "GET INVOLVED" and "SHOW UP". I want to be involved and I am showing up. Please consider me as your NEXT board member of the Adams 14 District.

Thank you,
Attentively,

Luz E. Molina-Aguayo (Lucy)

Cynthia J.S. Meyers

Commerce City, Colorado 80022

I, Cynthia Jane Sawaya Meyers am submitting my name for the vacant Adams County #14 School Board Seat. As a resident, I have followed the School Board meetings, assignments and procedures during the past and present years.

I attended the University of Colorado and Colorado State University for my undergraduate degree receiving a Bachelor of Arts from CSU. I continued my Graduate Program with Adams State University, Lesley College and Boston College receiving a Masters Degree in 1988.

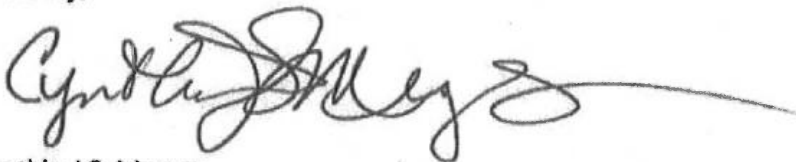

I was employed with Adams County School District #14 for 35 years as a teacher and Student Advocate, retiring in 2012 after dedicating my entire career to the Adams #14 District. My assignments were at Adams City Middle, Kearney Middle and Lester Arnold High School.

As a residing member of the community for many years, my two children attended the public schools through their graduation at Adams City High School in 1998. I am a strong believer in our district and advocate for our children and their families in many different areas.

I believe I would be an asset to our current Board of Education if given the opportunity. I have the experience and knowledge that would bring many positive, productive decisions for the growth of our children, families and community members.

If selected, I would represent Adams School District #14 with the up most respect, kindness and integrity at all times. Thank you for your time and consideration.

Sincerely,

A handwritten signature in cursive script, appearing to read 'Cynthia J.S. Meyers', with a long horizontal flourish extending to the right.

**Board of Education
Adams County School District 14**

Commerce City, CO 80022

Dear Adams 14 Board Members,

I believe that serving in the Board of Education is both an honor and a right. As an Adams 14 community member for over 24 years and a 2003 ACHS graduate, I found that it is time to give back to the district that has given me so much. And I can't think of a better way than to serve in the School Board. This is why I am applying for the Board of Education vacancy.

It is relevant to note that I am an active member of the Adams 14 school community, in and out of schools. I have been a long time member and a volunteer at Our Lady Mother of the Church for over 18 years. I am currently a Lector as well as a Eucharist Minister during our weekly Sunday service. Recently, I became a member of CEMEPA (Coalición para el Mejoramiento de las Escuelas Públicas de Adams14), CUPC (Community Uniting for Positive Change) and CO IAF (Colorado Industrial Areas Foundation). All of these organizations focus on community organizing and positive change in Adams 14. I strongly believe that my involvement in these organizations gives me a unique opportunity to make a change and create a positive impact in my community and especially in this beloved district. For instance, my adherence to these community organizations was key in realizing that in order to maximize every students' educational experience and opportunities, I needed to be actively involved in the district and the schools. I have, since, been a parent volunteer during field trips, school functions and classroom activities. I have also been an active participant in DAAC and attended many community meetings and superintendent forums.

While my participation in Adams 14 and in the community has taught me many lessons, it has also exposed me to how a school district works. I have seen how the superintendent's role is crucial in implementing the school board's vision by making important decisions regarding the school programming, staff retention and finances. In essence, the superintendent is the CEO and the face of the district. When the superintendent successfully fulfills his/her role, he/she will have a clear vision for the district, understand the best methods that ensure students learn best while supporting teachers and staff, effectively communicate with all stakeholders in a clear, transparent and timely manner, be a great leader and active listener who directs and manages the district with integrity and respect.

I have also learned how the school board functions. It is responsible for hiring the superintendent and holding him/her accountable for his/her decisions, setting a clear vision and goals for the district, adopting policies that support the district's goals while supporting the student's success, adopting an annual budget and managing the bargaining process of employees.

Understanding how our school district works, especially how the superintendent and the School Board work together is extremely important, especially when my children's education is at stake. Because of this, I believe that serving as a board member will not only give me the opportunity to collaborate with Adams 14 and the community, but also to advocate for all of the students in the district who deserve the best educational

opportunities available. Our school district offers many great resources and I feel honored to have my children enrolled here. I want to work with the School Board and the superintendent to make sure that all of the students can take advantage of everything that the district has to offer and that although we might not have the best academic scores or resources, every student is able to graduate from college, just like I did from the University of Denver in 2007.

As a board member, I will work closely with other members, who like me, have a commitment with students. I will work shoulder to shoulder to adopt policies that allow all children to be successful academically and socially. I will also listen to all points of view with an open mind while we discuss what works best for the district. My main goal is to make sure we all collaborate on a common vision and goal that will drive this district to success. We have what it takes, it's just a matter of implementing the right policies and procedures that will allow us to succeed. I believe my involvement in community and district organizations has allowed me to form relationships with many parents in Adams 14. This will help me reach out to them and address their questions and concerns about the district. Community outreach is an asset that can never be overlooked as a board member and I will make sure that their voice is heard, as I am here to serve our district to the best of my ability.

Lastly, I have my own children enrolled at Adams 14 schools. Knowing that my children's education is an investment, you can rest assured that everything that I say or do will be for the best interest of every students, as I will treat them as my own.

Please consider this my letter of intent for the Board of Education vacancy. Thank you for your time and consideration.

Sincerely,

A handwritten signature in cursive script that reads "Laura Martinez".

Letter Of Interest

Austin Rollison
[REDACTED]

Commerce City, CO 80022

To whom it may concern,

My name is Austin Rollison and i am strongly interested in the vacancy at the Adams 14 School Board. I have resided in the are of Adams 14 for over 5 year consecutive and over 15 years at different times. As a Graduate of Lester Arnold High School and former student of Adams City High school i have seen first hand the highs and the lows that Adams 14 has to offer. I look forward to help out children, teachers, and parents!
